ORGANIZATION

of the City Government

Tuesday, March 24, 1936

At ten o'clock in the forenoon of the above date, members-elect of the city council for the municipal year of 1936, and the members from the previous council, met for organization at the city council room agreeably to the provisions of the city charter.

The oath of office was administered to the Mayor-elect, Hon. Charles E. Carroll, by Frederick A. Tilton, Esq., after which retiring Mayor Dunlap introduced Mayor Carroll to the Council and visiting friends. The oath of office was also administered to the following councilmen by Solicitor Tilton.

Ward 1—Robinson W. Smith

Ward 2—J. Aime Dickner

Ward 3—Albert B. Newell

Ward 4—George C. Stafford

Ward 5—Richard F. Shelley

Ward 6—Frank D. Sleeper

Prayer was then offered by the Rev. Daniel G. Rider after which the Mayor delivered his inaugural address.

INAUGURAL ADDRESS

of Hon. Charles E. Carroll, March 24, 1936

Gentlemen of the Council:

In taking the oath of office as Mayor of Laconia for a sixth term it affords me great pleasure to extend to you, cordial greetings, and I do not believe in any old deals or new deals but "a square deal."

I earnestly recommend the re-decorating and repairs to the interior of the Gale Memorial Library, which was made possible for the use of the citizens of Laconia by will of the late Napoleon B. Gale, its donor, and suggest that the full quota of trustees of the Gale Fund be appointed.

That due credit be given those who were most instrumental in securing the Air Port for Laconia through Federal Grant and otherwise I wish to commend Mr. Edgar B. Prescott and Jason Sloan. And to Edward L. Lydiard should be given a lot of credit for his efforts in promoting the ski jump and recreational center in the adjoining town of Gilford.

The Laconia Radio Station should be extolled to the highest for the splendid work accomplished in the recent Red Cross drive, to secure funds for aiding the flood sufferers, and the citizens of Laconia should stand behind it one hundred percent.

To Ex-Mayor Dunlap, member of the Park Commission, I suggest that he bring in recommendations and estimates for park improvements as soon as possible.

I shall instruct the City Solicitor to see that the vacancies in the Board of Trustees of the Gale Fund be filled immediately, and also that settlement of architect fees in connection with the new high school be made at once. And the City Clerk is instructed to arrange for a clergyman to open all regular meetings with prayer.

Mr. Clerk we will proceed with the election of officers.

MUNICIPAL REGULATIONS

for payment of bills against the city

All bills against the city must be approved by the persons authorizing the charge, and unless this is done, no action can be had upon the bill by the committee on accounts and claims, and no order will be given for its payment.

When bills are certified to as above, and left with the City Clerk not later than Thursday at 12 o'clock M., preceding the last Monday of each month, they will be audited by the committee on accounts and claims, and if approved by them and allowed by the Council, will be ready for payment on the following Wednesday, at the office of the City Treasurer.

Meetings of the committee on accounts and claims are held on Friday preceding the last Monday of each month at 7.30 P. M., at the City Clerk's Office.

CITY GOVERNMENT

LACONIA, N. H.

Inaugurated fourth Tuesday of March, yearly. Stated meetings: The last Monday of each month at 7.30 o'clock P. M., at city council room, 68 Pleasant Street.

RESOLUTIONS

In the Year of our Lord one thousand nine hundred and thirty-six:

A RESOLUTION appropriating money for repairs and alterations in the present High School Building and for the equipping of the New Practical Arts High School Building, and providing for the payment of the same.

Resolved by the City Council of the City of Laconia, as follows:

That the sum of Twenty Thousand (\$20,000) Dollars be and the same hereby is appropriated for the purpose of making necessary repairs to the present high school building; for the making of alterations to the gymnasium therein; and for the refinishing of the classrooms therein; and for the equipping of the new Practical Arts high school building, now under construction, in the City of Laconia School District, and that the City Treasurer be and hereby is authorized to borrow on the credit of the City of Laconia a sum of money not to exceed Twenty Thousand (\$20,000) Dollars, said sum of Twenty Thousand (\$20,000) Dollars to be borrowed upon the notes of the City of Laconia, which said notes shall be in the denomination of One Thousand (\$1,000) Dollars each, and become due and payable Two Thousand (\$2,000) Dollars each year beginning one year from the date of their issue, said notes to bear interest not exceeding five (5) per cent, payable semi-annually. The notes shall be signed by the Mayor and City Treasurer and countersigned by the City Clerk.

Passed and approved February 24, 1936.

W. E. DUNLAP,

Mayor.

In the Year of our Lord one thousand nine hundred and thirty-six:

A RESOLUTION authorizing temporary loans to an amount not exceeding Two Hundred Fifty Thousand Dollars in anticipation of the taxes of the present Municipal year.

Resolved by the City Council of the City of Laconia, as follows:

That for the purpose of meeting current expenses of the City, the City Treasurer be and hereby is authorized and empowered to make temporary loans from time to time for the use of said City of sums not exceeding the aggregate amount of \$250,000.00, said loans being in the anticipation of the taxes of the present municipal year and hereby expressly made payable therefrom, and to give for such loan subject to the written approval of the Committee on Finance, notes of the City, each note to become due and payable within one year from its date. Said Notes shall be signed by the Mayor and City Treasurer and countersigned by the City Clerk, shall be registered in the books kept for that purpose in the offices of the City Treasurer and City Clerk respectively.

This resolution shall take effect upon its passage.

Passed and approved March 30, 1936.

CHARLES E. CARROLL,

Mayor.

In the Year of our Lord one thousand nine hundred and thirty-six:

A RESOLUTION appropriating one hundred thousand dollars for certain improvements in the City of Laconia and authorizing the issue of \$100,000.00 bonds of said city for the construction of public improvements of a permanent nature.

Resolved by the City Council of the City of Laconia, as follows:

1. That the sum of One Hundred Thousand Dollars be and hereby is appropriated for the purpose of making public improvements of a permanent nature to City Property to ease the burden of relief.

2. That the City of Laconia issue its bonds to the amount of One Hundred Thousand Dollars for the purpose hereinabove stated.

3. Said bonds shall be serial bonds extending for a period of ten years from the date of their issue for the sum of One Thousand Dollars, each, or some multiple thereof, and shall be made payable to bearer with interest coupons attached, bearing interest at a rate not to exceed 2% per annum, and an equal amount of said bonds shall be taken up annually from the date of their issue.

4. Said bonds shall be payable in accordance with the laws of the State of N. H.; the date of issue, the time and place of payment of principal and interest, the fixing of the rate of interest, the provision for the sale of said bonds and other matters in relation thereto shall be left to the discretion of the city Treasurer of the City of Laconia.

Passed and approved April 13, 1936.

CHARLES E. CARROLL,

Mayor.

In the Year of our Lord one thousand nine hundred and thirty-six:

A RESOLUTION making appropriations for the year ending February 15, 1937.

Section 4. This Ordinance shall take effect upon its passage.

Passed and approved August 31, 1936.

CHARLES E. CARROLL,

Mayor.

Department Reports

SCHOOL DEPARTMENT

REPORT OF THE SCHOOL BOARD

To the Mayor and Council of the City of Laconia:

It is with sincere appreciation and gratitude to you and to the citizens of Laconia who made possible the erection of the new Practical Arts High School Building that this report on the activities of the past year is submitted. For the past several years, because of the increased enrollment in our high school, the problem of congestion has interfered with the proper functioning of our school system. With this new, adequately equipped building we have been able to resume two sessions, to provide a well ordered program, suitable study rooms, and to add two teachers to our previously overburdened staff. This building has filled a tremendous need and now permits us to turn our attention from the more material aspects of education to a study of ways and means of improving our methods of instruction. We should all be proud of the progress made during the past year and particularly of the construction of this splendid building.

We are also deeply grateful for the new fence erected around our athletic field. Already it has proved its worth in enabling our athletics to become self-supporting. It is also very useful in the protection of our athletic field during periods when it is not in use. A slight change in the fence has prevented interference with the use of the lighted ski run which is much enjoyed by our school children and others.

Our students have continued during the past year to gain honors in higher education and to maintain the high standards for which we have been noted. The preparation received in our schools has proved adequate to those who have gone on to other institutions of learning.

It is with regret that we record the passing of Mrs. Mertie C. Lougee, late chairman of the Board, whose untimely death deprived us of one who was possessed not only of unusual ability, but who gave freely of her time and ability in the improvement of our schools during eleven years of service. In the death of Miss Gladys Chase we have lost one of our most efficient and loyal teachers after twelve years of service. A word should be spoken also in remembrance of Albert Cowan, one of our most faithful janitors for twelve years.

In conclusion I would urge you to study the report of the Superintendent of Schools which will well repay your careful consideration.

Respectfully submitted,

ARTHUR H. NIGHSWANDER,

Chairman.

FINANCIAL STATEMENT

Year ending June 30, 1936

RECEIPTS

Income from local taxation:

For the support of schools	\$111,500.00
For the payment of principal of debt	11,250.00
For the payment of interest on debt	4,578.75
For the payment of per capita tax	3,648.00
Special appropriations	3,000.00

 \$133,976.75

From sources other than taxation:

Dog licenses	1,483.06
Elementary tuition	3,182.00
High school tuition	5,727.43
U. S. Grant on building	27,750.00
Sale of property	135.00
Proceeds of notes or bonds	95,375.00
Other receipts	503.88

 \$134,156.37

LACONIA HIGH SCHOOL

1923

1936

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board of Laconia:

In presenting this, my twentieth annual report, it is with a real feeling of gratitude for the co-operation and support that have always been manifested by the citizens of Laconia and by the men and the women who have served as members of the School Board during this period of twenty years.

We hear much about new school buildings and added advantages in schools in many communities. When we consider the changes that have come about in the schools here in twenty years, we feel that Laconia has a right to be proud of its achievements. From a school system of the old type, by gradual changes, a modern system has been evolved with distinctly better advantages for boys and girls of school age. During this period three of the elementary buildings have been remodelled and other buildings have been improved in many ways.

In 1918 Mechanic Arts in the high school was introduced on a very small scale. This course has been developed constantly and gradually, and now splendid opportunities are offered boys interested in this type of education.

During this same period the work in Commerce has been so developed that any boy or girl may receive a thorough preparation for office work.

In 1923 a new high school building was dedicated. This building cost approximately \$227,000 and the cost of the equipment and furnishings was \$40,000.

The average membership of the school, grades seven to twelve, for 1923-24 was 555.

That year the Home Economics course was introduced in the high school. This has been developed as increasing numbers of girls each year have become interested in the type of work which leads to good homemaking. During the period of development of the courses in practical arts, the standard of work required in the so-called academic or college preparatory course has not been lessened in any way.

All pupils in Laconia may prepare themselves for the post-secondary schools of their choice if they will diligently apply themselves to their work during the four-year courses here.

During the intervening years enrollment in the high school had increased to such an extent that it became absolutely necessary to provide more class rooms in order to care for the numbers that were continuing their education.

In 1935 the City Council made an appropriation of \$111,000 with a further appropriation of \$14,000, making a total of \$125,000 available for a new building. Forty-five per cent. of the original appropriation of \$111,000, or \$49,950, was secured as a grant from the Federal Government.

A building committee comprising Mayor Walter E. Dunlap, Councilmen Frank D. Sleeper, Howard E. Byse, and Joseph P. Pitman, Mrs. Mertie C. Lougee, Chairman of the School Board, Wayne M. Plummer and Doctor A. P. LaFrance, members of the School Board, and the Superintendent of Schools, was authorized to have charge of the erection of the new building, the remodelling of the main building, and the equipping of both buildings.

J. Edward Richardson of Dover was employed to make plans and specifications and have general supervision of the erection of the building. As a result of competitive

bids Wilfred M. Bisson of Laconia was awarded the contract for the erection of the building. Mr. Bisson began the work in December, 1935, and had the building ready for occupancy at the opening of school in September, 1936.

In the spring of 1936 as there had been changes in the personnel of the building committee Mayor Carroll, Councilmen Shelley and Smith became members of the committee and Arthur Nighswander, Chairman of the School Board, took the place of the late Mrs. Mertie Lougee. In the re-organization of the committee Richard F. Shelley was chosen chairman. The members of the Building Committee gave generously of their time and thought, and were ever mindful of the best interests of the boys and girls of Laconia.

Removal of the Mechanic Arts department from the ground floor of the main building made that entire floor available for class rooms and study rooms. Two rooms on the first floor formerly occupied by the Home Economics department, and two rooms on the second floor that were vacated by the Commercial Department are now used as class rooms for other subjects.

The greatest change in the main building was made in the gymnasium. Stairways were re-located in the corridors; the balcony in the north end was removed; windows were placed in both walls. The gymnasium can now be divided by a heavy curtain into two rooms sufficiently large for classes.

An underground passage connects the ground floor of the main building with the ground floor of the practical arts building. Here the original plans and ideas of former Mayor Dunlap were developed into a type of gymnasium that is new for a high school. The floor of this large room is dirt with a cinder running track around the outside. A

court for hand ball, space for jumping, as well as the track, are much used at the present time. This will be used also later for the pitchers and catchers of the baseball team.

The Mechanic Arts department occupies the entire first floor containing nine rooms, with one room on the second floor. In this department forging has been replaced by sheet metal work as it is felt that has much more value than forging at the present time.

Very little machinery was needed in any of the shops beyond that which had been previously used. The front of the building on the second floor is given up to the Commercial department and consists of a bookkeeping room, two typing rooms, and a recitation room. Fifteen typewriters were added to the equipment this year, making a total of fifty machines. For the first time in many years there is a sufficient number of typewriters for those who wish to take this course.

The Home Economics department occupies the east end of the second floor. Here is a large kitchen laboratory, an equally large sewing laboratory, and between these is a suite of rooms consisting of living room, dining room, bedroom, and a bath room. The plan for this was conceived by Mrs. Mertie Lougee, who foresaw the possibilities and advantages of such a combination in the training of girls of high school age. On account of the interest and untiring efforts of Mrs. Lougee the Building Committee dedicated the suite to her memory and placed in the living room a bronze plaque with the following inscription: To the memory of Mrs. Mertie C. Lougee whose vision is here realized, this suite is gratefully dedicated.

The remaining space on the second floor is taken up by the cafeteria with a well-equipped kitchen, and a music room. Mrs. Laura Burleigh, who had charge of the cafe-

teria for several years, was obliged on account of ill health, to relinquish her work soon after the opening of school. Her place was taken by Mrs. Wesley Abbott.

In the music room are conducted all classes in music, and all rehearsals of music organizations, including the band, the orchestra, and the glee clubs.

The membership of 555 in 1924 increased to 980 last year. It is needless to say that boys and girls of the high school are enjoying the increased facilities and that conditions are much more favorable for good work in school than they have been for several years.

In connection with the high school, it is interesting to note that two professors of Columbia who are outstanding authorities on schoolhouse construction and school organization, recommended to a building committee in a neighboring city that the city should re-organize its school system along the lines of the 6-6 plan and that upon completion of a high school building the school should have two sessions a day.

Last spring through a special appropriation by the City Council a back stop for a new baseball field that was laid out in the rear of the high school was erected and a substantial wire fence enclosing all of the school property in the rear of the building was put up. At the present time all athletic activities are conducted at the school. The worth of the fence around the field was demonstrated during the football season when the receipts were much larger than in former years. Through co-operation of interested citizens a splendid ski course on the school property has been developed and it is planned to have a skating rink another winter. With the completion of an outdoor cinder track and the installation of new bleachers in the gymnasium, athletic and play facilities in connection with the high school will be unusually complete.

This year the program of studies for the high school has been changed so that six required subjects and ten electives are necessary for graduation. The required subjects are four years of English, and two years of History. The electives cover a wide range, although, of course, a pupil preparing for college must ordinarily follow pretty closely the subjects of the academic course, and a boy or a girl in any one of the practical arts courses will generally elect subjects along a particular line.

With the opening of school last September Miss Evelyn McCauley, who had taken Kathleen Davison's place during her leave of absence for one year, was elected in place of Miss Ryan, who was married in the early summer.

Just before the opening of school Miss Davison resigned to be married, and her position was filled by the election of Miss Dorothea Graves.

There was need for two more teachers in the high school and Miss Jennie A. Simonds, a graduate of Keene Normal School, was elected as a teacher of Domestic Science and General Science in the seventh grade, and Mr. Robert Grant, a graduate of Bowdoin College with three years' teaching experience in Gardner, Maine, was elected as a teacher of English. Mr. Grant has two divisions of the freshman, sophomore, and junior classes.

On account of the death of Miss Gladys Chase during the Christmas vacation Miss Madeleine Kynoch, who has her Bachelor's and Master's degrees from Boston University and has taught several years in New York state, was elected as a teacher of United States Constitutional History.

A well balanced system of activities is maintained so that any pupil should be able to find an activity in which he is interested.

Honorable Mention in the Eastern States Quill and Scroll Copywriting Contest was awarded to Mary Gozon-sky; for Editorial Writing to Lorraine Begin; and for News Judgment to Rosalyn Schohan.

Alma Gallagher won fourth place in Eastern States Section of the Feature Writing Contest conducted by the local chapter of the Quill and Scroll Society, Mary Gozon-sky received Honorable Mention in the Sectional Vocabulary Contest, and Mary Dodge Honorable Mention in the Sectional Editorial Contest.

Among the 1936 Quill and Scroll winners in scholastic awards for creative work by high school students were Guennlyn Simpson, Alma Gallagher, Mary Lacey, and Mary Dodge. Each won honorable mention. Guennlyn received two honorable mentions; one on the sports story and one in the story contest. These girls were the only winners in New Hampshire.

The Quill and Scroll International Honorary Society for High School Journalism granted the THE LAKO-NIAN First Place Award in the Critical Service sponsored by the society under the auspices of Medill School of Journalism, Northwestern University, June 15, 1936.

Mary Gozon-sky won first prize in Humorous Declamation Contest for the New England Championship at Portland, Maine; Armand Laramie won second place in Dramatic Declamations; and Anna Hawkins won third place in Humorous Declamations.

The musical organizations were given the following ratings at the State Music Festival for High Schools:

Girls' Glee Club, Superior; Boys' Glee Club, Excellent; Orchestra, Superior; and Band, Superior.

The athletic teams have had a fair degree of success

during the past year. The football team last fall was probably one of the best the school had had in several years.

The Girls' Basketball team brought home the Consolation Trophy from the State Basketball Championship Tournament at Peterboro. Florence Bernier was chosen on the first all-state team, and Virginia Watson on the second

Armand Laramie won first prize at the State Speaking Contest held at the University of New Hampshire team.

The Bates League Debate held in Lewiston, Maine, was won by our debating team consisting of Mary Gozon-sky, Martha Greenlaw, Paul Gruenler, and Curtis Foster. Mary also won a scholarship of \$100 as best speaker.

Our debating team also won first place among ten in the New Hampshire-Vermont Speech Tournament held in Laconia in the spring.

At the annual Scholarship Day in May the Bookkeeping team won first place, and the Grammar team won second place

The first prize of \$5.00 for the winning essay in Accident Prevention Week, sponsored by the Red Cross, was awarded to Blanche Szalajeski; second prize of \$2.50 to Diane Clevenson; and Honorable Mention to Doreen Fitzpatrick.

THE LAKONIAN received third class ribbon award in its group of high school newspapers in the National Newspaper and Magazine Contest.

ELEMENTARY SCHOOLS

During the summer vacation many much needed repairs were made in several of the buildings. The exterior

woodwork at Harvard Street, Mechanic Street, and Washington Street was painted and the fire escapes at all of the buildings were put in first-class condition.

The heating plants at Gilford Avenue and Batchelder Street were thoroughly overhauled and those at the other buildings were carefully checked up during the summer.

The tops of all pupils' desks in the elementary schools were buffed and refinished. Many of these desks had become badly cut and marred and it was impossible for children to write upon them without a covering of some sort.

While the desks in all of the elementary schools have been used for a great many years they are usable and in fairly good condition; yet it would be good policy to replace them a room at a time, by modern furniture. Modern furniture is much more comfortable for the children and is more flexible for class use.

It was decided not to open the school at The Weirs for the following reasons: 1. The school membership had reached nearly thirty, which was altogether too large a number for one teacher to do justice to in six grades. 2. The children could have much better advantages in the Mechanic Street school. 3. A saving of about \$1500 could be made by such an arrangement.

It is unfortunate that there is not a retirement fund for teachers in New Hampshire by which a woman who has given her life to teaching boys and girls could be recompensed upon retirement.

Rare, indeed, are the teachers who give such faithful and conscientious service for so many years as did Mrs. Gertrude George.

During the coming summer several of the rooms will need painting, and better play facilities should be provided at all of the schools.

The three nursery schools have continued with only a brief vacation during the summer. At the present time the enrollment in these schools is approximately 85.

The evening schools have again enrolled about two hundred in eleven classes.

Last summer more than one-half of the elementary teachers and about one-third of the high school teachers attended summer school.

For the third consecutive year the men teachers of the high school meet bi-weekly for study and discussion. The elementary teachers have arranged a program for a series of teachers' meetings throughout the year.

The teachers of Laconia deserve the support of the community and the co-operation of all parents.

As soon as finances will permit the salary schedule should again be put into effect and sick leave benefits should be returned.

As has been indicated many times there is great need of re-arrangement of work and classes for those pupils who are overage. It is hoped that something can be done for these boys and girls at the opening of school next fall.

Respectfully submitted,

JOHN S. GILMAN,
Superintendent of Schools.

February 12, 1937

*To the Honorable Mayor and Members
of the City Council of Laconia:*

We can rightfully judge from the past something of what the future years may have in store for the Laconia Hospital.

It was about forty years ago that a little band of twenty-two men and women came together and organized the Laconia Hospital Association with a vision in mind that a hospital was one of the needs for this section.

From that little beginning those early founders little thought that from that cottage hospital with from six to eight beds would so soon come a hospital that can care for one hundred patients and supplied with all the modern methods for the care of the sick and disabled.

That beginning has far exceeded the fondest hopes of its incorporators and with its phenomenal growth there has always been maintained a hospital in the A1 class and in every way worthy of support and encouragement.

In order to provide rooms for the constantly increasing demand for its service several enlargements have had to be made that have required the expenditure of large sums of money and to some extent at least have curtailed the natural growth of funds for its maintenance.

It is hoped and expected that in the near future those having property for disposal will generously remember the Laconia Hospital.

Respectfully yours,

ARTHUR D. O'SHEA,

President.

WILLIAM F. KNIGHT,

Secretary.

REPORT OF SUPERINTENDENT OF THE LACONIA HOSPITAL

STATISTICAL REPORT

To the President and Board of Trustees:

I submit the following Statistical report of the Laconia Hospital, for the year ending December 31st, 1936.

Number of patients in hospital Jan. 1st, 1936	61
Number of admissions in 1936	male 855
Number of admissions in 1936	female 1389
Total number treated	2305
Number of days service given	24,108
Average number of patients per day	66
Average length of time patients remained in hospital	
Days	10
Obstetrical Cases	289
Total Babies	255
Two sets of twins	
Medical cases	665
Surgical	1290
Children	medical 339
Children	surgical 378 Total 717

Largest number of patients any one day	89
Smallest number of patients any one day	47
Number of operations performed major	346
Number of operations performed minor	1125
Total	1471
Number of X-ray patients	1325
Number of X-ray treatments	1343
Number of out-patients	2780
Number of patients discharged	2226
Number of patients discharged well	1591
Number of patients discharged improved	524
Number of patients discharged unimproved	31
Number of deaths	80
Number of Stillbirths	6
Number of prematures	17
Number of Special Nurses employed by patients	303
Number of days used by special nurses	2486
Patients assuming responsibility of paying accts.	1980
County *Cases	145
City Cases	53
Occupying endowed beds	8
Guest of the Hospital—(faculty and pupil nurses)	46

Of the eighty patients who died in the hospital, seventeen were moribund when admitted.

Cash on hand January 1st, 1937	\$ 429.23

The hospital service the past year has not been as evenly divided as usual. While the smallest number of patients any one day was five more than last year, the number was eight less than a year ago. However the total number of admissions were twelve more than in 1935, and seven hundred and seventeen of these were children, forty-five more than previous year, which emphasizes the urgent need for a children's ward.

The Out-patients numbered 2,780 or 747 more than last year, and more adequate accommodations should be provided for this department. These figures do not include the many who have attended Cancer Clinics, which are held twice a month, or the Orthopedic Clinic held every two months.

• The X-Ray and Laboratory has had a very active service. For this department it was necessary to purchase and install a new Buckite Thermo Developing tank, also a Victoreen-Iometer to control dosage in X-Ray treatments. A new Binocular Microscope has been purchased. This was paid for by a gift of \$50.00 from Mr. John McIlhenny and \$135.00 from the Hospital Aid, added to the allowance for old microscope. Future requirements for this department will be a Magnetic Plate Changer, and Stereoscopic View Box.

Other new equipment this past year was the purchasing of a new safe for the office. The first of the year the new dial telephone system was installed.

In the maternity wing on second floor a new closed hopper was put in.

The two boilers in furnace room required relining. Complying with recommendation of State Inspector, a suction-fan was placed in roof of laundry.

Part of roof at Nurses' Cottage was resingled, chimney re-pointed, and parapet of hospital building was reconditioned.

Three rooms at Nurses' Home were replastered, these and several rooms and corridors at hospital have been repainted, most of this work was done by the men in our regular employ. The diet-kitchen adjoining main kitchen has been equipped for a dietetic teaching laboratory for student nurses. A large table was built by Dell Vermett, with closets underneath for supplies and dishes, to provide for cooking, eight double gas-plates occupy center portion of table top. This meets a long felt need for instruction in dietetic classes, which is given by Miss Hazel Daniels, a graduate of University of Vermont, and Dietetic Course at Peter Bent Brigham Hospital, Boston. She came to us a dietitian last September.

Alterations have been made in cook's pantry, this and main kitchen have been freshly painted, and checked ging-ham curtains to windows lend to its attractiveness.

Several windows with South exposure have been provided with awnings. The Hospital Aid paid for those on Nursery windows. Others, were furnished by those maintaining private rooms.

Laconia and Lakeport Woman's Clubs have added furnishings to their respective rooms. The Young Women's Parish club have supplied new window drapes and slip cover for chair in their room.

Dr. Chester L. Smart gave the hospital a "McKesson Oxygen Tent." Its use has brought great relief to many patients, suffering with heart and chest conditions.

Our indebtedness to the Hospital Aid can be appreciated by reading their Annual Report published in the newspaper this past week, showing that the Hospital Aid and its various bands have supplied the hospital with furnishings to the amount of \$1500.00.

The interest manifested by this organization and groups of women in nearby towns is greatly appreciated.

Hospital Day, May 12th, was observed by having "Open House," when more than a hundred were shown through the hospital. Members of the Hospital Aid assisted as hostesses and served tea to visitors. Several merchants in town cooperated by displaying in their windows, sick room and nursing supplies, endeavoring to make the public "Hospital conscious."

SCHOOL OF NURSING

The school census as of January 1st, 1937 is 43. Two classes of Preliminary Students—total of 15 were admitted during the year. Capping exercises for accepted students were held at Nurses Home in January—when Mrs. A. H. Harriman—Chairman of the Training School Committee, told of progress made by Schools of Nursing.

At the exercises in June, Dr. Park R. Hoyt addressed the newly accepted students; the interest of parents and friends was evidenced by their attendance.

The Training School Committee have met practically every month, to examine the efficiency records of students and consider their fitness for the Profession of Nursing.

Six students were graduated in October, when Frank Kittredge, M. D., of Nashua, told in a most interesting way of the Progress in Nursing care, as he had experienced it in the past fifty years.

On November 10th, at Laconia Tavern, a most enjoyable banquet was given by the Trustees to the Graduating Class and Faculty. The speaker of the evening was Melba Stewart Perley, M. D. Class Prophecy and History was given by two members of the Class.

The School is much indebted to Mrs. Hazel Porch Gibson for giving so generously of her time, energy and enthusiasm, in conducting rehearsals with Nurses on Wednesday Evenings at the Nurses Home, for which some special music has been purchased. A decided improvement in the singing has been noticed.

The student body took part in Community singing at Colonial Theatre at Christmas time, and at six-thirty Christmas morning, they sang Carols—beginning at the top floor—passing thro' the corridors as they sang, 'til the music died away in the basement. This custom is always enjoyed by the patients.

Recreational activities of students have been two "Weenie Roasts"—one on Lake Shore of "Sunset Cabins" and one at "Harris Shore." Swimming was enjoyed at these outings.

Hallowe'en and Christmas parties were given at Nurses Home.

Frequent pop-corn treats have been enjoyed—the corn was a donation by a good friend of the nurses.

The annual Spring Meeting of the New Hampshire Surgical Club was held at the hospital. The members of the Hospital Staff conducted an interesting clinic in the East Wing on lower floor. Lunch was provided in the Nurses dining room.

The regular Staff meetings have been held each month with increasing attendance. At various times, hospital

problems have been discussed, and doctors have been most willing to co-operate.

I wish to express to the Professional Staff my appreciation for the many courtesies shown the nurses and hospital family—also for the hours given in class-room instruction.

Hearty commendation is due supervisors and nursing staff who have so conscientiously worked for interest of the hospital. Changes have been necessary in night supervisors, Miss Mary Crossley and Mrs. Sylvia Kelleher. present supervisors are both graduates of our Hospital.

I wish to thank the Trustees for sending me to the American Hospital Association at Cleveland. This contact with other Superintendents and exchanging of hospital methods, is most stimulating.

I wish to express our appreciation to Mahers Bookstore for providing copies of Boston Morning Herald for the patients.

To Mr. Leonard Lesperance for engrossing diplomas of Graduate Nurses.

To Postmaster M. J. Carroll for providing a collection mail box on the front porch of hospital.

To City Fire Department for spraying hospital buildings during the hot summer weather.

To City Street Department for keeping road to hospital in passable condition at all times, and to the many other benefactors of the Hospital.

Respectfully submitted,

LILLIAN G. WILLIAMS, R. N.

Superintendent.

REPORT OF BOARD OF HEALTH

To the honorable Mayor and City Council:

The work of the Board of Health for the past year has been routine with the exception of a short period during the flood conditions of last spring when it became necessary because of the flooding of the vicinity of Rowe's Court, to close the houses there to habitation. Through the cooperation of the local Red Cross, provision for the shelter of the affected families was accomplished until such time as it became possible to lift the ban on the houses affected.

There have been no serious outbreaks of contagious diseases in the past year.

The testing and supervision of the milk industry in this locality has again this year been in the hands of Forrest Smith and has been well kept up.

SUMMARY:

Wasserman tests made	9
Complaints received	52
Complaints investigated	52
Nuisances abated	19
Vaccinations (Small Pox)	15

RECOMMENDATIONS:

The Board of Health recommends that all possible efforts be made to remedy the present use of Lake Winisquam for sewage disposal in the interest of sanitation and public health as well as civic betterment.

Signed

J. GRANT QUIMBY, M.D., Chairman
E. J. GAGE, M.D., Secretary
W. E. FLOYD.

JULIA PERIARD, R. N.

REPORT OF THE MILK INSPECTOR

The increased interest in the quality of milk and milk products shown by the Laconia consumers demands continuous improvement in the milk sold here. One branch of the work of the Health Department is to guarantee the consumer continued maintenance of high grade milk, and progress in the improvement of this milk supply.

All dealers and producers are now familiar with the rules and regulations and the aim of this department is for better methods and equipment for milk production.

Tests made regularly show continued progress in the producing and marketing of a high grade product. Constant check testing of the milk products insures the consumer against any let-down in quality.

A new method has been adopted by which each sample of milk is scored on eight different tests made. This simplifies the results for the dealers and producers and creates interest among them to try for higher scores.

In the past year one new complete pasteurizing plant was opened in Laconia. This plant is equipped with up-to-date machinery and is a source of locally pasteurized milk for consumers.

There has been a tendency, during the last year, towards more of the volume of milk being handled by the dealers, due, perhaps, to the better prices paid producers by the dealers.

The increased number of samples showing sediment is due to more strict grading of samples to help correct this fault.

GENERAL MILK INSPECTION STATISTICS

Classification of Dairies according to product produced
and conditions

Scores	60-65%	65-70	70-75	75-80	80-85	85
Dairies	9	14	23	20	16	7

Total Samples Analyzed—638

Milk—516	Cream—93	Skimmed milk—21
	Others—8	

Samples Unsatisfactory

Low Butter Fat—6 Low Solids—14 High Bacteria—15
High Sediments—56

Inspection Details :

Stores, restaurant, etc., inspected	81
Dairies inspected	91
Visits to dairies, creameries, etc.	1095

Licenses :

Licenses granted to stores, etc.	81
Licenses granted to producer-dealers	82
Licenses granted to dealers	7
Licenses held up for improvement	9
Money received from stores, restaurants, etc.	\$162.00
Inspection fees, dealers	27.00
Inspection fees, producer-dealers	175.00
	<hr/>
Total	\$364.00
Paid City Clerk as per his receipts	\$364.00

Respectfully submitted,

F. A. SMITH,

Milk Inspector.

REPORT OF LIBRARY TRUSTEES

*To the Honorable Mayor and Members of the City Council
of Laconia:*

One of the important influences for good that enter into the home life of this or any other community is the Public Library.

With the distribution of good books that are read in the quiet of the home an influence is created that helps to make better men and women and better citizens.

Since their earliest beginning our public libraries have been reorganized wherever established as one of the most important factors in the life and up-building of even the smallest communities, and so we can count a shelf of good books as a wonderful asset.

Let us as good citizens of Laconia rejoice and be thankful every day of our lives for our former good citizen Napoleon B. Gale who left us money for our beautiful library building and the generous bequest to assist in its maintenance.

The least we can do is to be sure that nothing is lacking in appropriating the necessary money to carry forward the work he so generously began.

Your trustees are presenting you a budget that contains what they deem the necessary amount for the coming year.

WILLIAM F. KNIGHT,
President.

REPORT OF THE TREASURER

To the Board of Trustees of the Laconia Public Library:

I herewith submit my report as treasurer for the year ending Feb. 15th 1937, as follows:

Cash on hand Feb. 15, 1936	\$ 144.23
Received from the estate of Napoleon B. Gale	2,047.05
Received from the City of Laconia	5,500.00
Received from the City of Laconia, special repairs	1,000.00
Received from fines ,etc.,	349.43
Income Jewell Fund	493.44
Income Avery Fund	50.00
Income Ladd Fund	12.50
Income Ashman Fund	25.00
Income Smith Fund	30.22
	<hr/>
	\$9,651.87

DISBURSEMENTS

Salaries	\$4,620.00
Janitor Service	1,104.00
Expended for books	1,131.38

Expended for Periodicals	164.95
Fuel	615.78
Lighting	360.96
Telephone service	93.04
Insurance	131.21
Repairs on Gale Library	407.40
Repairs on Goss Library	534.78
Printing, incidentals and supplies	315.97
Balance Feb. 15, 1937	172.40
	<hr/>
	\$9,651.87
Unexpended balance, Esty fund	\$28.75
Unexpended balance, Busiel fund	41.16

Respectfully submitted.

A. W. DINSMOOR,
Treasurer.

TRUST FUNDS

REPORT OF THE TRUSTEES

For the benefit of anyone contemplating the setting aside of a trust fund for a lot in our cemeteries, we herewith present the schedule of rates charged in four of them:

Hillside	(6 graves, 1 lot)	\$1.50	—	double lot	\$3.00
Union	(7 graves, 1 lot)	\$4.00	—	square lot	\$6.00
Bayside	(7 graves, 1 lot)	\$4.50	—	square lot	\$9.00
St. Lambert ..	(7 graves, 1 lot)	\$4.00	—	square lot	\$7.00

Sometimes it is advisable to fertilize lots, for which an extra charge is made; once in a great while comes the need for an entire 'make-over'; straightening stones and cleaning same, etc.

It is readily seen that, to care for emergencies, the prevailing rate of interest on \$100.00 is insufficient for most of the above rates, and when nearly half the funds are \$100.00 or less, there has to be a curtailing somewhere.

May we suggest that future donors bear these facts in mind.

To the Auditor of the City of Laconia:

UNION CEMETERY

FIRE DEPARTMENT

To the Honorable Mayor and City Council of Laconia.

Dear Sirs:

I herewith respectfully submit my report, as Fire Chief, for the year ending December 31st, 1936.

During the year, the Department responded to thirty-four box alarms and two hundred and twenty-five still alarms. The Central Fire Station responded to one hundred and forty of these alarms; Lakeport station responded to sixty still alarms and the Weirs station answered twenty-five calls.

Insurance amounting to \$9,244.96 was paid on one hundred of these fires. The insurance amounting to \$13,588.70 paid to Clarence H. Newlin on the Independent Ice buildings is not included in the above amount. This fire occurred above Lakeport and was not in the fire zone; and the cause of the fire was unknown. The fire losses on other fires amounted to \$2.50 up to \$1,700.00. All fire losses were paid by the Melcher and Prescott Agency, John B. Morin and Howard W. Byse Agency. Also Munsey and Brazil. I consider the fire loss very low for 1936.

We have a good supply of high grade fire hose, which is in first class condition. Mr. Charles French, City Engineer, uses our old hose to flush sewers, and pays the City \$150 each year for this hose. The Police Department pays back to the city \$50.00 each year for heating the Lockup. The Fire Department at the Weirs takes care of the Ladies and Gents Rest Room and \$50.00 is expended each year for equipment for this building.

The only revenue the City receives comes from taxable property, and it is the duty of the Fire Department to save this property from destruction by fire. It is my duty as Fire Chief to recommend the wants of the Fire Department for the year 1937.

The Hook & Ladder Company No. 2 of the Lakeport station need a new ladder truck badly. The ladders now in service were purchased thirty years ago, and are not dependable to climb over buildings with. It will cost about \$8,000 for a ladder truck.

Our other equipment is old and should be replaced as soon as our City Fathers are able to. We need a pumper for out-of-town fires, which will cost \$700.00. The pumper, which we were using has been sent to the Weirs Department to cover fires in that section of our city. Your firemen are trained and efficient, but they must have adequate fire equipment to obtain the best results.

Respectfully submitted,

ARTHUR W. SPRING.

Fire Chief.

TREE WARDEN

To the Honorable Mayor and City Council of Laconia

Dear Sirs:

I am pleased to respectfully submit my report as Tree Warden, for the year ending December 31st, 1936.

Our city trees are decaying and drying for lack of moisture, this condition is caused by cement sidewalks and macadam roads; also by overhead wires. Several dead trees must be removed this year. Various types of moths have also helped to ravage our trees, but I believe that lack of moisture is the chief cause of their decay.

I would suggest that an appropriation of \$600.00 be made for tree work for next year.

Respectfully submitted,

ARTHUR W. SPRING,
Tree Warden.

WHITE PINE BLISTER RUST

Hon. Charles E. Carroll,
Mayor,
Laconia, N. H.

Dear Mayor Carroll:

As a record of public expenditures, and furthermore so that you may include a statement in the city's annual report, we are submitting the customary accounting of White Pine Blister Rust Control activities conducted in your city during 1936.

Funds expended in this project became available through a W. P. A. allotment from the Bureau of Entomology & Plant Quarantine, U. S. Department of Agriculture. Hours of work and rates of pay were fixed by the Government and employment was restricted to men certified by public relief agencies. Such labor was obtained through the U. S. Reemployment service and eligible local men given preference when available.

White Pine Blister Rust Control has proved of great value in meeting the unemployment situation. A definite program of work had already been formulated and a supervisory force familiar with conditions and the state was available and thus men were quickly put to work. More than 96 percent of the allotted funds have gone directly to the payment of wages, only a small expenditure being made for tools and other materials.

During the past few months stumpage prices of white pine have advanced materially, and with further improvement of business generally, should continue to increase.

There is attached herewith a financial statement indicating expenditures made in your city in this project during 1936

Yours very truly,

JOHN H. FOSTER,
State Forester.

BOARD OF PUBLIC WORKS

Laconia, New Hampshire

February 15, 1937

To the Honorable Mayor and City Council:

The thirty-sixth annual report of the Board of Public Works is hereby presented, together with the detailed report and suggestions of the City Engineer and Superintendent of Streets and Sewers.

The routine maintenance work has been performed through the past year and such special work as has been authorized and funds provided for. The accompanying reports show in detail all expenditures in the various accounts.

Several new surface drains and a few sections of sanitary sewer were added to the system and over ten thousand square yards of new asphalt sidewalks were laid and over three thousand square yards of asphalt sidewalks repaired and recovered.

State Aid Construction on the Meredith Parade road, so-called, was extended and we recommend that this construction be continued the ensuing year, the State contributing one half the cost.

Very heavy rains occurring at intervals have brought forcibly to our attention the fact that certain street surface drains built many years ago are too small to take care of the water; the Street Commissioner enumerates these in detail in his report and we suggest that authority be given to make a beginning, at least, on needed reconstruction

and that funds be provided to rebuild one or two drains which are found to be most necessary.

The Watson road and Lakeside Avenue should be completed and the estimates given for the resurfacing of Union Avenue from Bridge Street to Davis Place and of Elm Street from School Street northerly and Lakeside Avenue at Weirs and new curbing on Pleasant Street in our opinion should receive favorable consideration.

As in former years we urge an adequate appropriation for routine maintenance and would recommend the following general appropriations for the ensuing year:

Highways and Bridges (General repairs and maintenance)	\$17,000.00
Winter Expenses	22,000.00
Sanding Sidewalks	2,000.00
City Engineering	1,600.00
Sewer Maintenance	4,200.00
Collection Ashes, Waste and Use Dump	6,000.00
Cleaning Streets	4,800.00
Drain Repairs and Maintenance	2,000.00
Insurance	800.00
Maintenance of Macadam	2,000.00
Cleaning Catch Basins	1,600.00
Bridge Repairs	800.00
Cutting Trees, Grass, Brush	1,000.00
Street Oiling	8,000.00
Recovering Sidewalks	3,200.00
Purchase of Equipment (Truck & car exchange)	2,500.00
	<hr/>
	\$79,500.00

HARRY L. SMITH,
OSCAR L. HOYT,
WILLIS G. WATSON,

Board of Public Works.

REPORT OF THE STREET, SEWER AND ENGINEERING DEPARTMENT

To the Board of Public Works:

Gentlemen:

The following is presented as the report of the Public Works Department for the year ending February 15, 1937.

FINANCIAL STATEMENT

BRIDGES

Minor repairs were made to various bridges but no new construction was undertaken. In general all bridges are in good repair but it may be found necessary to do work on smaller bridges.

COLLECTION OF REFUSE AND GARBAGE

The contract for collection and disposal of refuse and garbage was continued from the previous year and satisfactory service was performed by the contractor.

There is an increasing accumulation of matter to be collected each year and it may be necessary to increase the expenditure for this service.

DRAINS

Due to floods and other conditions the expenditure for drain repairs and maintenance was increased over 100% above the appropriation for that purpose.

The special appropriations for drain construction was expended in the construction of the following major drains: Cottage St., Edwards St., Clay St., Mechanic, Stark and St. Catherine Sts., Gilford Ave., Union Ave., Baldwin and Avery Sts., Union Ave., at Winter Street.

The financial statement will give the cost of these improvements and the work consisted of laying as follows:

MEREDITH-PARADE ROAD

The City appropriated \$3,377.50 to go with a like amount from the State Highway Department which was used to continue the construction toward the Meredith Town Line.

This work was done by the city street department and all bills were paid through the State Highway Department, the City reimbursing the State for the City's share.

SIDEWALKS

Asphalt sidewalks were built on Lyford St., Grant St., Kentfield Ct., Court St., Dartmouth St., Jackson St., McGrath St., Academy St., Beech St., Lincoln St., Gilbert St., Highland St., Gillette St., Butler St., Isabella St., School St., Clark Ave., North Main St., Lyman St., Elm St., Jefferson St., West St., Center St., Garfield St., Union Ave., Sleeper St., Lawrence Ct., Belknap St., Matthews Ct., Dewey St., Belvidere St., Dolloff St., Baldwin St., Stark St., Fairmount St., a total of 10,633 sq. yds. Total cost was \$20,110.37. 3,674 sq. yds. of asphalt sidewalks were repaired and recovered.

SANITARY SEWERS

Sewers were built on Dolloff St., 187 feet of 6" pipe, Winter St., 150 feet of 6" pipe, Pitman Court, 225 feet of 6" pipe, Sanborn St., 100 feet of 6" pipe.

GENERAL

We have been able to purchase a new air compressor and a new truck to be used for an oil sprinkler, together with a new snow plow attachment. This truck serves the dual purpose of a road maintainer in the summer and a snow plow in the winter and is a very valuable piece of equipment for this department.

We have been able to install 175 new street name signs where new signs and replacements were needed, at a cost of \$586.

Some of the street surface drains built thirty or more years ago are not large enough to take the water in very heavy rains and I would call attention to the following: North Main St., from Masonic Temple to Oak St., Court St., from Durkee Brook to Pearl St., Union Avenue, from Jewett St., to north of Spring St., Whipple Ave., from the lake through Pleasant St., Harvard St., and Dartmouth St., to near Oak St.

The Watson Road, socalled, from Lakeside Avenue Extension to the D. W. Highway has been built with the exception of a tar surface treatment which is estimated to cost \$900.

It is estimated that it will take about \$1,500 to complete and surface treat Lakeside Avenue extension at the Weirs.

Due to the lateness of the season, when grading and gravelling the Watson road and Lakeside Avenue was completed, it was impossible to apply the tar surface treatment.

It is estimated that the cost of new curbing on Pleasant St., from Tremont St., northerly, which has been asked for, would be \$1,689.

I have estimated the cost of resurfacing Union Ave., from Davis Place to Bridge St., as \$2,912; of Elm Street, from School Street northerly as \$2,701 and Lakeside Avenue at the Weirs from the macadam pavement northerly \$1,046.

Respectfully submitted,

CHARLES A. FRENCH,
City Engineer, Supt. Streets and Sewers.

CITY SOLICITOR'S REPORT

To the Honorable Mayor and City Council:

I herewith submit the report of the Law Department of the City of Laconia for the past year.

Many matters of importance have been submitted to the Law Department by the various departments of the City, all of which have received proper attention. Several ordinances and resolutions, as well as other legal documents have been drawn.

There have appeared on the Superior Court docket two cases in which the City was a party. One of these has been recently disposed of, the other is an appeal from an award of damages in connection with the taking of property for the construction of the new road at The Weirs. There is one other controversial matter pending, but the likelihood of litigation is small.

The Solicitor has prosecuted all violations which he was called upon to handle; and has kept his office open at all times for the accommodation of City business.

As a member of the Legislature I have drafted and introduced several bills affecting the City, and which are conducive to the Welfare of the City. These will be diligently attended to.

The recommendations made in my last report are still a proper subject for discussion, and I again recommend a complete revision of the charter and ordinances at a very early date.

I very strongly urge upon the people of Laconia co-operation with all departments of the City, and particularly do I urge it with the Fire Department. Without realizing it, and with no intentions of doing so, the people of Laconia have greatly hindered the work of the firemen by the practice of rushing to a fire as soon as the alarm has

sounded, with the result that the roads are clogged with traffic, and in many instances it has been almost impossible for the fire apparatus to get to the fire. In most cases, if the alarm were to sound for another fire at the same time it would be absolutely impossible for the apparatus to get through the traffic to respond. This must be stopped.

The Solicitor has held several conferences with State officials and others with reference to the proposed purification of Lake Winnisquam, the results of which will be disclosed at the proper time.

I have attended, with very few exceptions, all of the meetings of the Mayor and Council, and have endeavored in every way to cooperate with all Departments.

Respectfully submitted,

FREDERICK A. TILTON,
City Solicitor.

POLICE DEPARTMENT

REPORT OF POLICE COMMISSIONERS

To the Honorable Mayor and City Council:

We respectfully submit the report of the Chief of Police George N. Hubbard for the year ending January 31, 1937.

We respectfully urge your careful reading of the chief's report which gives a comprehensive report of the services rendered by the Police Department.

CHARLES J. PITMAN,
CLARENCE E. ROWE
FORTUNAT E. NORMANDIN,
Police Commissioners.

Clarence S. Newell, treasurer, cash	4,849.64
	<hr/>
	\$5,078.46

Respectfully submitted,

EARL FLANDERS,

Clerk.

REPORT OF THE OVERSEER OF THE POOR

*To the Honorable Mayor and City Council of the City
of Laconia:*

Gentlemen:

It is my privilege and duty to submit, herewith, my report as Overseer of the Poor for the year ending Feb. 15th, 1937.

There have been accepted twenty-nine applications for aid by persons previously self-supporting, and sixty-seven applications for reinstatement by persons previously dropped from the relief roll because of short-time jobs, particularly during the summer months.

The Federal Works Projects, in conjunction with the extra work made possible by a bond issue, have provided employment for most of the able-bodied persons on relief.

The Federal work is restricted to one person per family regardless of the size and needs of the family. No person is allowed to earn more than forty-four dollars per month (except for specialized work). The remainder of the family budget has to be met by direct relief or by the employment of other members of the family in private industry. The latter has furnished work for only a small number of such persons.

Until industry is able to provide employment for all workers at a living wage, there seems to be no prospect of a reduced relief load for the tax-payers.

The City has been obliged to assume a greater relief load than was anticipated, since the State has defaulted in refunding its share of relief expenses because of insufficient relief funds. The amount due from the State is \$19,081.52. This can only be recovered by a legislative act.

Old Age Assistance granted to persons seventy years of age or over, is not a pension, but is a special form of relief given by check, instead of relief orders, to persons not able to meet their living expenses. The amount of such relief cannot exceed thirty dollars per month, and must be less if the person's budget shows that the maximum amount is not needed to meet his monthly expenses. The amount of assistance granted, automatically becomes a lien upon any property the person possesses. During the last few months the amount granted as Old Age Assistance has exceeded the amount of direct relief.

In addition to aid rendered by the City, the Federal government has supplied several thousands of dollars worth of surplus commodities including the products of the two sewing projects, without any charge to the city except for small incidentals.

For a financial statement I refer you to the report of the Treasurer.

Respectfully submitted,

A. S. RANDLETT,

' Overseer of the Poor.

PARK COMMISSION

Laconia, N. H.

Feb. 15, 1937

To the Honorable Mayor and City Council:

I hereby submit the report from Leavitt Park for the year ending Dec. 31, 1936.

Leavitt Park continued its customary activities under the efficient leadership of Mr. Charles Peterson and Miss Sarah Tilton. The average daily attendance was over two hundred.

At the beginning of the season a boxing ring was added to the equipment. The baseball diamond was levelled and the bases relocated and the tennis court was lengthened and resurfaced. The Twilight League Ball Games continued in popularity—an average of four nights per week with an attendance of well over two hundred at each game.

Several Carnivals were held during the playground season; the annual Woman's Club Carnival; the Playground Carnival, the proceeds of which are used to purchase new equipment for the playground; the carnival (two days) of the Church of Our Lady of the Lakes and the Twilight League Carnival.

For the first time this year, Mr. Jacob Bond asked a rental fee for the use of the bathing beach at Sandy Shore which has always been used by the children of the play-

ground for their swimming. The sum of \$145.60, which equals the taxes on that particular piece of property was paid Mr. Bond for rental for 1936 but it is believed that Mr. Bond anticipates the payment of rent hereafter by the city for the use of that shore front as a bathing beach.

Respectfully submitted,

BERNICE M. SEAVERNS,
Secretary, Park Commission.

OPECHEE PARK

The Opechee Park Playground officially opened on Monday, July 6 with Mr. R. N. Clement and Miss Collin instructors.

The first week was devoted to organizing different games and getting the equipment in order for use. The daily program was as follows:

MORNING

9:00 to 9:15 Flag raising; hand out equipment.

9:15 to 11:45 Free Play; baseball (scrub games), catch, horse shoes, checkers, tennis, ping pong, deck tennis, ring board, soft ball, etc.

10:00 to 11:00 Tues.

Thurs. (Swimming classes for beginners only).

Sat.

9:30 to 10:30 Sewing practice for girls.

12:00 Park closes.

NOON HOUR

- 1:30 to 2:30 Soft ball and tennis are the most popular outdoor, ping pong always popular inside.
- 2:30 to 4:00 Announcements at the water front.
Swimming for all.
- 4:00 to 4:45 Free play; soft ball and tennis are the most popular sports at this hour.
- 4:45 to 5:00 Bringing in the equipment and putting locker room in order.
- 5:00 Closing.
(*Special—during last four weeks*)
- 10:00 to 11:30 Wed. (Life saving instructions).
Fri.
- 3:00 to 4:30 Tues.
Wed.
Thurs. (Life saving instructions).
Fri.

The point system was used again this year. The points were given to boys who did different chores around the park; these boys helped in keeping the general condition of the park clean. Prizes were awarded every two weeks for the boy who had the largest number of points for the two weeks and at the end of the year three prizes were awarded for the three highest point winners for the summer.

This year soft ball seemed to be more popular than the regular game of baseball, although the younger boys played a lot of scrub baseball. The four most popular sports in the playground seemed to be tennis, swimming, ping pong and soft ball. There were only four rainy seasons during the summer and the attendance was much higher than in previous years. The attendance was taken once a day at the time when most children are expected to be on the grounds; the average for the season was 243 per day.

In the water sports 52 children passed their beginners test; 8 children passed their swimmers test; 3 passed their Junior Life Saving test and 4 passed their Senior Life Saving test. On Wednesday and Thursday, August 5 and 6, Mr. T. F. Holloway, the American Red Cross Life Saving Field Representative, came to the park and gave tests for ezaminers and both Miss Collin and Mr. Clement passed the test which now makes them examiners for both Junior and Senior Life Saving.

During the last week of the playground's season an invitation tennis tournament was held. A large number of children and adults witnessed this tournament which was played during the Aqueductan Celebration. This tournament was made possible due to the fact that two new tennis courts had previously been constructed.

The park itself has been greatly improved. A crew of men working under the supervision of L. K. Felker did a splendid job in constructing two new tennis courts and resurfacing one of the old ones. A new baseball diamond was laid out and put in shape for play which necessitated the cutting down of two large straggley trees in the outfield. A lot of grading was done, sand being placed under the playground equipment when needed and the backstop behind the baseball diamond was repaired and painted.

The room at the east end of the grandstand, which in the past has been used for a girls dressing room, was remodeled, tables and benches installed for the girls to work on; windows were installed replacing the old shutters which were nailed on the side of the building. This room has been needed for the girls for a long time.

The park equipment such as slides, teeter ladders, the teeter boards etc., were painted which improved the appearance and the lasting qualities of the equipment. Benches

were made and placed around the waterfront and the grove was cleaned up in general. The bathing beach was cleaned out several times during the summer months and a lot of rubbish near the waterfront was cleared away. Sand was drawn and placed under the swings and all such pieces of apparatus where the children needed soft landing; back-stops were constructed around the tennis courts and painted. The fence around the race-track was newly painted also the wire fence at the front of the park, which was badly rusted, was painted with aluminum paint.

Upon examination it was found that the brick entrance to the park was badly in need of repair; the bricks in some cases falling out by themselves and many others could be picked out with little effort. This entrance was entirely built over new and we believe it will last for many years as plenty of cement was used in its reconstruction.

The ward room was painted inside and newly shingled. New locks were placed on the doors of the grandstand of the yale variety and the back side newly sheathed within ten feet of the top and a new sill placed under the east end. Because of the new type locks and the back side being sheathed tight, so far there have been no breaks reported.

The grandstand now is in first-class condition although we would recommend that the east end and the remaining ten feet of the back side be sheathed in the Spring.

The home stretch of the race-track was in very bad condition being gullied in several places and the sand was so deep that it was practically impossible to use it for any purpose. This stretch was resurfaced with clay and is now in first-class condition and was used during the past season not only for matinee horse racing on several occasions but also for bicycle racing and foot racing put on by members of the playground.

We believe that with a small appropriation spent each year on Opechee Park that it could be made one of the beauty spots of our City.

WYATT PARK

This is the first year that anything was attempted at this playground in line of regular playground activities. A building was built on the playgrounds which was suitable for the needs and housing of equipment which has badly been needed. A tennis court was built on the playgrounds during the past season with a fence erected around same which was donated by Oscar Lougee. A large assortment of playground equipment was erected during the season which was presented to the playgrounds by Wyatt Park club. A number of small games were presented and additional ones were purchased so that a fairly complete line of playground equipment is now in use at Wyatt Park. A flag pole was presented to the Park by County Commissioners and the flag was presented by the Veterans of Foreign Wars. The playground attendance at The Wyatt Playgrounds this past season was Miss Evelyn C. McCauley who did very commendable work there with the children. The children at this playground are composed mostly of small children between the ages of 2 and 12. The average attendance per day, figuring, being taken only once a day was an average of 60 and considering the ages of these children it is quite a large number for one person to watch and take care of.

This park being on such low ground that after every shower or rain this park is nothing but a pond and naturally stops playground activities anywhere from one to two days to enable the water to drain off. This condition should be corrected by having this ground filled in to a

higher level than it is at the present time; also this park should be fenced in as it is completely surrounded and very closely so by four streets on all sides.

The Park Commission want to thank the Wyatt Park Club for their interest and gifts to this park as they have worked very hard to make money to buy equipment and should be complimented for this nice work.

GALE PARK

The pool in the Gale Park in the rear of the Library sprung a leak for when the water was turned on the first part of the season it would not stay in the pool. This required considerable expenditure of money to correct this leak.

PEARL STREET GROUNDS

These grounds were purchased by the City and turned over to the Park Commission during the past year. Some money was spent in building a back-stop for the baseball diamond; also bleachers were built for the people attending games there. These grounds were also cleared of brush, debris, etc., and the grounds were graded so that there would be smoother surface.

There is great possibilities of developing this park. It is an ideal place for a playground with the advantages of a stream of running water thru the middle of it. These grounds should be developed provided the money could be obtained.

AUDITOR'S REPORT

To the Honorable Charles E. Carroll, Mayor, and the City Council, Laconia, N. H.:

Gentlemen:

Having completed the audit of the financial accounts of the City of Laconia for the fiscal year ending February 15, 1937, I present the following Statements showing the financial condition of the City as of that date.

Exhibit I—Appropriation Account year ended Feb. 15, 1937.

Exhibit II—Excess and Deficiency Account.

Exhibit III—Balance Sheet as of Feb. 15, 1937.

Exhibit IV—Serial Debt as of Feb. 15, 1937.

The following items appearing in the balance sheet are commented upon as follows:

ASSETS

<i>Cash</i>	\$80,070.02
-------------	-------------

This cash balance was verified by the various bank statements with the records of the City Treasurer and compared with the ledger of the City Clerk. This large balance is necessary owing to the fact that the fiscal year of the schools does not end until June 30 and to the fact that unexpended balances are being carried over by several department.

Property sold to City for Taxes \$34,930.80

During the fiscal year ending Feb. 15, 1937, the city purchased unpaid taxes assessed on real property to make a total for the past five years of the above amount.

Balance Due on Taxes Paid by City \$837.73

During the fiscal year ending Feb. 15, 1937, tax payers redeemed taxes to leave the above amount due the City.

Accounts Receivable Taxes \$65,197.28

The collector's record of unpaid taxes was examined by me and compared with the record kept by the City Clerk; warrants from the Board of Assessors to the City Tax Collector covering the commitment of all taxes was examined by me and all abatements were examined to see that they were approved by the Board of Assessors.

LIABILITIES

Miscellaneous Liabilities \$1,414.87

This account was increased by land damage awards and unpaid coupons on Bonds.

Leavitt Fund \$395.83

This account was examined and verified.

Credit Balance \$3,273.56

The above amount represent the excess in current assets over current liabilities

Motor Vehicle 1937 \$2,974.09

The amount of Motor Vehicle Fees, received by the City Clerk was checked and verified with the receipts of the City Treasurer.

Notes \$100,000.00

The above amount of notes represents money borrowed in anticipation of unpaid taxes, on short term notes to meet the current expenses of the city.

Unexpended Appropriations \$67,699.60

Appropriations made during the year were verified with the records of the City Council and expenditures were properly approved by Treasury Warrants; all transfers were approved by the City Council.

An itemized account of the above balance may be found in Exhibit I.

SERIAL DEBT

The Serial Debt outstanding at February 15, 1937 is detailed in Exhibit IV of this report showing an increase of \$78,000.00 due to the \$100,000. Bond Issue for projects to relieve unemployment and \$20,000, in notes for equipment for the new school building less retirement of \$42,000 in Serial Bonds which became due this year.

CEMETERY TRUST FUNDS

The following Statement of Trust Funds was verified by examining all pass books and securities held by the Trustees and by checking all expenditures with the savings bank books. All receipts and expenditures are recorded properly on their records.

STATEMENT OF TRUST FUNDS

Trust Funds on hand Feb. 15, 1936	\$47,116.09
Trust Funds received during year	2,350.00
Unexpended Interest on hand Feb. 15, 1936	2,960.05
Interest received during year	1,679.50
	<hr/>
	\$54,105.64

Amount on interest expended during year	\$1,607.10
Balance of interest unexpended Feb. 15, 1937	3,032.45
Principal of Trust Funds on hand—Bonds	12,000.00
Principal of Trust Funds on hand—Savings Banks	37,366.09
Principal of Trust Funds on hand—2 shares Water Co., Stock	100.00
	<hr/>
	\$54,105.64

LIBRARY TRUST FUNDS

The books of the treasurer were examined and the balance was verified by statement from the bank. All expenditures were properly vouched for.

I wish to express my appreciation for all courtesies extended me during the course of my examination by all the departments.

Respectfully submitted,

DANA S. BEANE,

Auditor.

CERTIFICATE

I hereby certify that the accompanying balance sheet and statement of Serial Debt reflect the financial condition of the City of Laconia, as described by its books at the close of the fiscal year ended Feb. 15, 1937. I further certify that I have audited the income and expense accounts of the City for the year and have found them correct as detailed in my report submitted herewith.

DANA S. BEANE,

Auditor.

SUMMARY OF VITAL STATISTICS

Number of births	309
Number of marriages	112
Number of deaths	236
Number of births not previously recorded	18
Number of deaths occurring at Belknap County Farm	17
Number of bodies brought here for burial	50

By Chapter 106, N. H. Laws of 1917, the Clerks of Cities and Towns are required to send a copy of every child's birth certificate to its parents, and if said copy is not received within sixty days from date of child's birth, the parents should notify the City Clerk, in order that same may be placed on record.

Efforts have been made to make the records of vital statistics correct as possible. Should any error or omission be detected, the City Clerk will appreciate the kindness conferred by being informed of the same, that the records of the city may be made right.

EARL FLANDERS, *City Clerk.*

INDEX
